

## Downloads of “BOKU & DRAGONS” exceed 1 million ! : Also plan to hold new events in July

Tokyo, Japan –June 26, 2015- IGNIS Ltd. hereby announces that the number of downloads for the game “BOKU & DRAGONS” has exceeded 1 million (cumulatively) as of June 25<sup>th</sup>,2015. This is a “new feel” smart phone RPG game provided by IGNIS’s consolidated subsidiary StudioKing Inc.

“BOKU and DRAGONS” is a new-feel slime battling RPG, with quick boot up time on the screen, easy to handle, and can be done without much effort. In the “Summons Battle GP” three times a day, one can cooperate with fellow members of their “Guild”; it is a game where participants play, aiming to become the strongest summoner. The Android version was released on February 20<sup>th</sup> and the iOS version on March 12<sup>th</sup> this year, and since then, there has been a steady increase in the number of downloads. The game’s sales ranking has been steadily increasing as well, and the Android version has ranked among the top 50 apps for 28 consecutive days since May 29<sup>th</sup>.

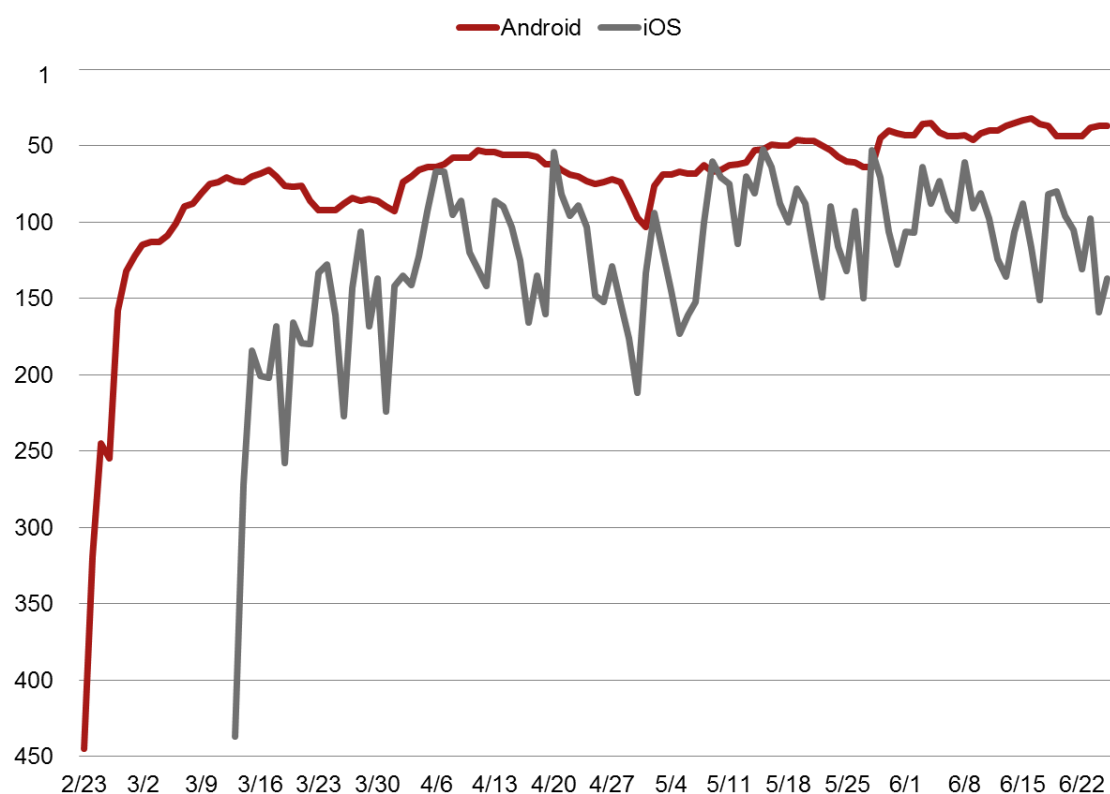

The development team for “BOKU & DRAGONS” wishes to thank all of the users of

the game, and will continue to make efforts so that many users will continue to enjoy the game. We hope you look forward to what's coming up in "BOKU & DRAGONS", and there are plans to hold a new event in July.

\*In counting the number of downloads, we did not double-count multiple downloads of the same apps by the same user.

## About IGNIS LTD.

IGNIS is a leading smartphone application company that is involved in planning, development, operation and sales of products. IGNIS's company philosophy is "Until we impact the world, we won't be satisfied." Since its establishment in May 2010, IGNIS has launched a wide range of smartphone applications, including those for utility tools, entertainment, games and more. These applications have resulted in an accumulated 80million downloads as of end March 2015. IGNIS has succeeded in producing a number of smash hit applications which have reached more than 1 million downloads to date, showing IGNIS's ability to precisely respond to a wide range of needs from smartphone users. Through challenging and developing new genres, IGNIS aims to create internet services establishing "new standards" over and over again.
